

Scanner Savings Program

Save money when you submit digital impressions to D&S Dental Laboratory!

- Get **\$10 off** with every digital impression case submitted
- Get **\$50 lab credit** if you submit 20 or more digital cases in one month
- Get **\$100 lab credit** if you submit 40 or more digital cases in one month

How It Works

- The \$10 per-case discount is only valid on D&S lab-printed models and cases involving more than model work only.
- Only an individual doctor can meet qualifying case totals. Credit does not apply to case totals per intraoral scanner or practice.
- The doctor account must be current for credit to be applied. Lab credit is applied on the following month's statement.

Digital impressions result in more accurate restorations and fewer remakes. D&S accepts digital impressions from all major intraoral scanners. For instructions on connecting your scanner to D&S, go to www.dnsdental.com/digitalimpression
