- ✓ Complimentary industry-recognized newsletter and CE seminars
- ✓ Experienced staff with 12 CDTs
- ✓ Five locations in Wisconsin and Illinois
- ✓ Full-service Certified Dental Laboratory and DAMAS quality assurance program

*"In today's technologically advanced dental practice, it is crucial to be partnered with a laboratory capable of offering a wide range of services. Whether it is a single unit crown, full-mouth rehabilitation, or advanced implant case, D&S delivers a quality result every time. Forty years of practice have shown me that a top flight lab can help the day run smoothly. For this crucial aspect of your practice, you can depend on D&S to deliver consistent quality for you and your patients."*

– Dr. Greg Killian, Midwest Dental, Middleton, WI

*"Thank you for all your excellent work over the years. I do think that D&S Lab is committed to excellence. I especially appreciate how willing your lab has been to work with me in our mutual pursuit of the best result possible for our patients. Together we have made a great team, and I will miss working with you!"*

– Dr. David Young, Retired-Midwest Dental, Mondovi, WI
