

Traditional & Partial Denture Flow Chart

*** Pick up in the morning counts as first day in lab; pick up in the afternoon counts as next day in lab*

First Appointment

- Take preliminary impressions to fabricate custom trays (3 days in lab)

Second Appointment

- Take master impression to fabricate baseplate and wax rim (2 days in lab) or cast partial (6 days in lab, 8 days if frame also needs wax rim)

Third Appointment

- Try in baseplate and wax rim or framework and take bite registration; return for set-up (7 days in lab)

Fourth Appointment

- Try-in/tooth try in and return for processing (4 days in lab)

Fifth Appointment

- Insert full or partial denture
