

Traditional & Partial Denture Flow Chart

Pick up in the morning counts as first day in lab; pick up in afternoon counts as next day in lab

First Appointment:

- * Take preliminary impressions to fabricate custom trays (**three days in lab**)

Second Appointment:

- * Take master impression to fabricate baseplate and wax rim (**two days in lab**) or cast partial (**four days in lab**)

Third Appointment:

- * Try in baseplate and wax rim or framework and take bite registration. Return for set-up (**three days in lab**)

Fourth Appointment:

- * Try-in/Tooth try in and return for process (**two days in lab**)

Fifth Appointment:

- * Insert full or partial denture.

Questions on traditional full dentures can be directed to Lori Gregory, CDT.

Contact Anna Bauer, CDT, with questions on partial dentures.
